

October Urban Agriculture Month 2020

Descripción

Resiliency Rooted in Innovation

This year's October Urban Agriculture Month theme is Urban

Agriculture: Resiliency Rooted in Innovation. The October events will shine a spotlight on the significant role urban agriculture plays in our regional and local food system. Several urban agriculture, food security and garden groups in northern Virginia have come together to offer a series of virtual events that highlight the local urban agriculture response to the COVID-19 pandemic. The month-long event showcases urban agriculture in Arlington, Alexandria, Fairfax, and Falls Church.

The virtual event this year includes panel discussions on how local businesses and urban gardens adapted to the pandemic, a town hall with local elected officials, and cooking and gardening workshops. In addition, there are in-person garden tours and recorded classes by Master Gardeners and Master Naturalists.

Event details and registration can be found [HERE](#).

Garden tours begin the weekend of October 3-4. Registration [HERE](#).

Sponsoring organizations: Virginia Cooperative Extension, Arlington Friends of Urban Agriculture, Fairfax Food Council, Fairfax Master Gardeners, Master Gardeners of Northern Virginia, Falls Church Garden Club, and Master Food Volunteers of Northern Virginia.

We invite you to [make a special donation](#) to our October Urban Ag Month campaign! Our goal is to raise \$3,100 during the 31 days of October to support our School Victory Gardens, our new Urban Garden at Virginia Highland's Park, and all our efforts to build a resilient, community-driven urban agriculture sector that provides a fair, healthy, sustainable food system for all Arlingtonians.

Schedule of Events

October Urban Ag Month website: <https://arlington.ext.vt.edu/programs/urbanag.html>

Garden Tours

During October Urban Agriculture Month sign up for a tour of a local garden, including Arlington's School Victory Gardens! Schedule your visit by signing up here. We are scheduling 30-minute tours during the 2 hours the gardens are open and each session will be limited to 6-10 visitors. This will allow the Garden Coordinators to easily maintain social distancing protocols. All visitors must wear masks. Stay tuned as we add more gardens to the list. Thank you!

Schedule your visit by signing up [HERE](#)

Arlington Victory Garden Tours:
