

Seed donations

Description

Much of the amazing produce that Plot Against Hunger gardeners raise comes from seeds started from donated packets. We are so grateful for the generous contributions of all kinds of seeds from national and local seed companies. We couldn't do our work without your continued support. Together, these companies have donated almost 4,000 packets of dozens and dozens of veggie varieties to be used during the 2024 garden season!

Interested in seeds for your school or community's Plot Against Hunger garden? Contact plotdonations@arlingtonurbanag.org

Baker Creek Heirloom Seeds
